

WINTERGREEN: SPRING '23

REMARKS FROM THE #1

Over this past spring semester the Alpha has had three main foci. Firstly, we wanted to improve our Brotherhood events and involvement from the Alpha to said events, by increasing the budget and starting the Alpha Pi Delta, Chi Psi Cup we have begun to see a positive turn in events and increased brotherhood attendance. Secondly, we began the Rahul Devineni Memorial Alpha Scholarship; this scholarship is awarded to hardworking and dedicated Brothers of the Alpha who work diligently to see the Fraternity succeed and, at times, need financial assistance to help supplement dues. Our third big initiative of the spring was a focus on mental health. This past year, NCSU has dealt with many deaths from mental health related issues and in Pi Delta we have focused on removing the stigmatism surrounding mental health by creating open spaces during meetings to talk about personal struggles and highlight some of the great therapy services funded from Chi Psi nationally. Overall, I see the Alpha moving in a great direction by increasing stability and the bonds of Brotherhood over time.

PHILANTHROPY UPDATE

BY: Peyton Shelton, '25

The Brothers of Alpha Pi Delta have continued to work with our long time partners, the Pretty in Pink Foundation, a local organization that helps women in need of financial assistance pay for their breast cancer treatments. The Alpha hosted its 15th Annual Pink Tie Gala to benefit the Pretty in Pink Foundation, an event that raised over \$10,000 for the second consecutive year. The Alpha also continued its tradition of partnering with Pi Beta Phi Sorority at NC State each semester to host seasonal celebration events with the Boys and Girls Club of Wake County. In addition to this, Brothers volunteered at organizations such as Miracle League and Carolina Tiger Rescue.

15th Annual Pink Tie Gala

BY: Amogh Pant, '25

The Pink Tie Benefit Gala began in 2006, when Brother Chase Templeton's mother was diagnosed with breast cancer and fellow Pi Deltans came together to support the Templeton family. Since its inception, the Pink Tie Benefit Gala has raised tens of thousands of dollars for the Pretty in Pink Foundation and, over the years, we have had the opportunity to assist other Brothers whose families have also been affected by breast cancer. This year was no different, with a little over \$12,000 raised. Thank you to everyone who attended and donated to the 15th Annual Pink Tie Gala!

RECRUITMENT UPDATE

BY: Britton Janet, '25

These past recruitment semesters have been very successful. We have initiated 12 new members, all of whom are high-quality gentlemen. This last semester as recruitment chair we further implemented a sustainable style of recruitment that focuses on more connected relationships with potential new members (PNMs). The process was more fun and less stressful than in previous semesters. We alternated days of Brotherhood events and personal meetings to get to know each individual deeper. Through this, we were able to learn about each PNM's values to make a strong determination to give him a bid to pledge Chi Psi. Furthermore, as they embark on their semester of pledging, they already have a connection to each Brother within the Alpha, strengthening the bonds of friendship they will further develop. We are excited for recruitment this fall, and have been reaching out to PNMs this summer.

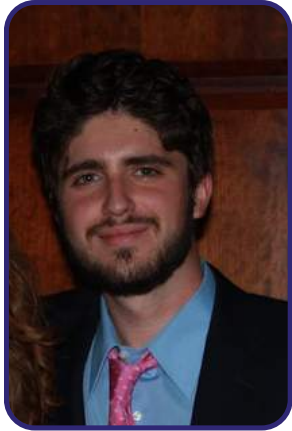

If you know anyone attending N.C. State who would be a great fit for Pi Delta, please fill out the form below, text me his contact information at 919-520-0631, or email me at brittonjanet930@gmail.com. We appreciate your support!

State of the Lodge

BY: Brennan McCauley, '25

The Lodge is one of many reasons which makes Chi Psi special. Similar in name -- but unique to each Alpha, the Lodge is a home to us. It is much more than a Fraternity house, but rather a shared area to grow as individuals alongside your Brothers. With that being said, we are excited to announce that we have secured a new Lodge for the 2024-25 academic year. This was only possible due to the growing size of our Brotherhood, an even faster growing rate of our success and determination, and support from Spencer Properties. The Lodge will be on a large property with three complexes, being able to house twenty Brothers. Furthermore there is a large open area in the middle for communal gathering. The Brothers of Pi Delta are ecstatic to see the potential of this new facility and look forward to inviting alumni here for events in 2024 and beyond!

**Congratulations to our
Alpha Pi Delta 2023 graduates!
You have made Chi Psi and NC
State proud.**
