

Alpha Psi Delta Alumni Corporation of Chi Psi
2024 TDS Grant Request

Over the past year the lodgers of Alpha Psi Delta have increasingly raised concerns over the slower than desired internet connectivity during school nights. We (the corporation team) have identified the attached estimate as the necessary next steps to eliminate any further educational disruptions due to bandwidth and connectivity in the Lodge. Note: While the estimate mentions an expiration of November 2023, we continue to confirm with TeleMine that the estimate remains valid.

We feel the current disruptions are concerning enough for us to already initiate the Lumen fiber build-out to the Lodge (item #1 of the estimate).

Any grant in the range of \$10,000 to \$30,000 would enable us to complete the listed upgrades within the narrowest time window and provide the maximum educational benefit for the current brotherhood.
