

Cornell President Visits Chi Psi Lodge

President, Michael Kotlikoff, Dean of Students, Marla Love and AVP Jenny Loeffelman visit the Lodge and meet with the Actives prior to the start of Spring Recruitment. Ryan Lombardi (not shown) is taking a one semester sabbatical after 10 years of serving as the VP for Student & Campus Life. It was a great opportunity to show off all the Lodge renovations and the spirit of the Chi Psi Brotherhood.

Message from the #1

The Brotherhood is energized as we dive into the Spring semester. We are excited to welcome a new class of Brothers. We recently took a pledge class of 15 individuals who are actively engaging in new member education, strengthening their connection to the Lodge and our values. The semester is off to a strong start, and we remain focused on fostering Brotherhood, personal growth and respect for the Lodge. We are grateful for the alumni who continue to stay engaged, providing guidance and support that help us uphold the traditions and excellence of our Alpha. With a dedicated Brotherhood and a promising new class, we are confident that this semester will be both successful and memorable. **Max Gordon '26**
